SPECIAL CONSIDERATIONS

Notes about considerations:

We believe that both the social and educational needs of our students are essential to their success in and enjoyment of learning about Judaism. Thus, we will accept requests for special consideration. However, in forming classes and assigning teachers, we have to consider the needs of each student in the class and the class dynamics as a whole. Therefore, we cannot guarantee requests will be granted, but for those requests received with registration materials by June 15th, we will take these requests into consideration while putting our classes together.

For each student, we will consider two single requests. (Each name of a friend counts as a single request)
Please place these in order of importance.

Name: _____ Grade: _____

Request 1 : _____

Request 2: _____

Request 2: _____

We are fortunate, as a larger religious school, to have 2 -3 classes per grade. Every learning environment is different, and our teachers' styles of teaching differ. It would be helpful if you could tell us a little about the learning style of each of your children to help us determine which classroom environment would be most enjoyable, engaging, and productive. (please feel free to add more pages, if needed)
